

## 22. EVACUATED OFFENDERS

On August 29, 2005 Hurricane Katrina struck south east Louisiana and on September 24, 2005 Hurricane Rita hit the south west part of Louisiana. Due to the affects of the hurricanes several parish jails evacuated to DOC. At this time DOC housed approximately 7,700 evacuees. Those offenders that were DOC were absorbed into our population and by December 2005 the Rita evacuees and the Katrina evacuees except for Orleans, Jefferson and St. Bernard were returned.

### Definitions

**Evacuee/Other-** Original evacuees evacuated from parish jails affected by Hurricane Katrina and other miscellaneous evacuees.

**TOC-DPS&C-** "Temporarily out of custody" of Orleans parish and in the custody of DPS&C units and local facilities billable by DPS&C to Orleans Criminal Sheriff's Office.

**TOC-Local-** "Temporarily out of custody" of Orleans parish and in the custody of DPS&C units and local facilities billable by Local Facilities to Orleans Criminal Sheriff's Office.

March 2006, DOC began housing Orleans parish jail pre-trial offenders (TOC-DPS&C) because of the over capacity that Orleans was experiencing. DOC continued to do this periodically until December 8, 2006. On December 15, 2006 DOC began housing Jefferson and St. Bernard Offenders due to over capacity.

On August 24, 2006 DWCC and FWADE housed 216 evacuated offenders from Webster –Bayou Dorcheat Correctional Center due to nearby explosion at Armory plant. These evacuees were returned to Webster 2 days later.

On December 29, 2006 DOC housed 605 Evacuee/Other and TOC-DPS&C offenders.
